

Diya

Age
19

Gender
Female

Current status
College

Description

Diya is a dedicated college student pursuing her degree while balancing coursework, assignments, and exam preparation. During midterms and final exams, her study schedule becomes extremely overwhelming. She is highly ambitious about securing top grades and building strong skills for her future career.

Personality

Extrovert | Independent | Ambitious | Analytical

Goals

* Learn key skills in quick 5–10 min sessions every day
* Track daily learning progress easily and stay motivated
* Retain concepts without watching long lectures or video courses

Problems

* Difficulty staying focused during long 45-minute online video lectures.
* Overwhelmed by massive textbooks and unstructured online study materials.
* Struggles to maintain a consistent daily study habit amidst assignments.
